1. Prep frosting

Preheat oven to 350°F with rack in the center. Line a 6-cup cupcake tin with paper liners (or coat with butter).

Set aside **4 tablespoons butter** and **half of the mascarpone** in a medium bowl to soften at room temperature.

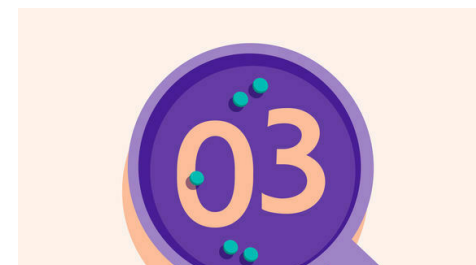

Coarsely chop **salted peanuts**; set aside until step 5.

2. Mix cupcake batter

In a medium bowl, whisk to combine **chocolate cake mix**, **1 large egg**, **half of the chocolate chips**, **½ cup water**, **2 tablespoons oil**, and **a pinch of salt**.

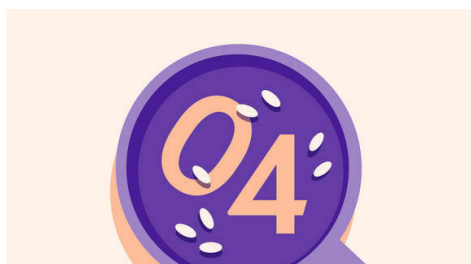

Evenly spoon **batter** into prepared cupcake tin.

3. Bake cupcakes

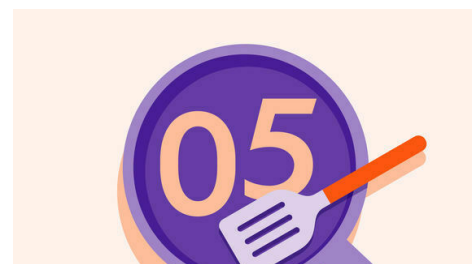

Bake **cupcakes** on center oven rack until a toothpick inserted into the center of a cupcake comes out clean, 18–20 minutes.

Remove from oven and let cool completely, about 30 minutes.

4. Frost cupcakes

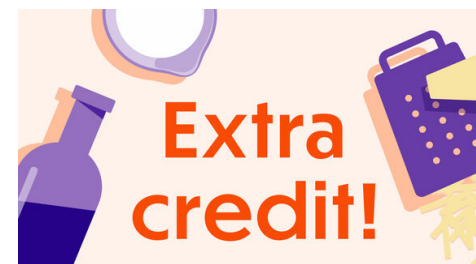

Add **all of the peanut butter** to bowl with **softened butter and mascarpone**; whisk vigorously (by hand or with an electric mixer) until smooth and fluffy, 1–2 minutes. Add **confectioners' sugar** and **a pinch of salt**; whisk until combined, 1–2 minutes. Spread **frosting** on **cupcakes**.

5. Make ganache & serve

In a small microwave-safe bowl, combine **remaining chocolate chips** and **1 tablespoon water**. Microwave on high until melted, 30–45 seconds (watch closely as microwaves vary); stir until smooth and let cool 2 minutes.

Drizzle **chocolate ganache** over **cupcakes** and top with **chopped peanuts**. Enjoy!

6. No microwave, no problem!

If you don't have a microwave, don't sweat it! The ganache can be made on the stovetop. Combine chocolate chips and water in a small saucepan over low heat. Cook, stirring, until chocolate is melted and all ingredients are combined. Let cool 5 minutes before using.
