1. Prep ingredients

Trim ends from **scallions**, then thinly slice, keeping dark greens separate.

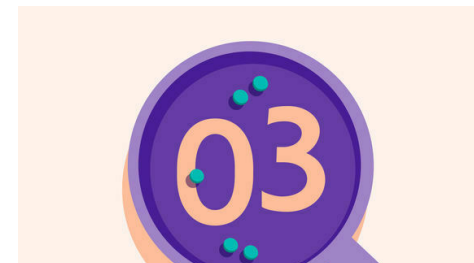

Finely chop **2 teaspoons garlic**.

Scrub **sweet potato**, then cut into ¼-inch pieces.

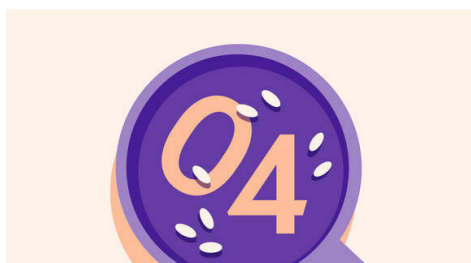

2. IMPOSSIBLE VARIATION

Heat **2 tablespoons oil** in a medium pot over high until shimmering. Add **Impossible patties** in large clumps and season with **salt** and **pepper**. Cook, without stirring, until well browned on the bottom, 3–5 minutes. Break up into smaller pieces.

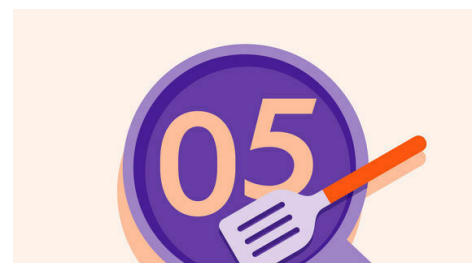

3. Cook aromatics

To pot with **Impossible ground**, add **scallion whites and light greens, chopped garlic, taco seasoning, and chipotle chiles** (use half for a milder chili, or omit if no spice is desired). Cook, stirring frequently, until fragrant and scallions and garlic are softened, about 1 minute (reduce heat if garlic is browning too quickly).

4. Simmer chili

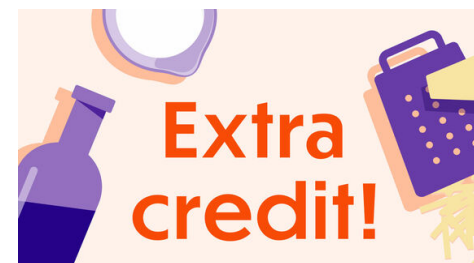

To same pot with **Impossible ground**, add **sweet potatoes, beans and their liquid, 1½ cups water**, and **2 teaspoons salt**. Bring to a simmer over high; partially cover with a lid or foil. Reduce heat to medium; cook, stirring occasionally, until Impossible ground is heated through and sweet potatoes are softened, 15–20 minutes.

5. Finish & serve

Using a slotted spoon, transfer **¼ cup of the chili** to a small bowl; roughly mash with a fork. Stir back into pot with remaining chili to thicken slightly. Add **1 teaspoon vinegar** and season to taste with **salt** and **pepper**.

Serve **Impossible ground and sweet potato chili** topped with **scallion dark greens** and **a dollop of sour cream**. Enjoy!

6. Take it to the next level
