STEP

1

1. Prep ingredients

Preheat oven to 400°F with a rack in the lower third position. Place **1 pie dough** out at room temperature to soften (save remaining for own use). Peel and halve **apples**; remove cores. Cut lengthwise into ⅛-inch thick slices.

STEP

2

2. Roll dough

On a **floured** work surface, roll **dough** into a 12-inch circle. Transfer to a parchment-lined baking sheet. Roll 1-inch of dough toward center and pinch firmly to create a ½-inch thick border.

STEP

3

3. Assemble tart

Starting on outer edge, shingle **sliced apples** on **dough**, overlapping each slice by half. Continue to layer apples in rows, overlapping each row by half, until dough is filled (there may be extra apple slices). Sprinkle apples evenly with **2 tablespoons sugar**. Cut **1 tablespoon butter** into ¼-inch pieces; place evenly over apples.

STEP

4

4. Bake tart

Bake **tart** on lower rack until crust is golden brown and apples are lightly browned on edges, rotating halfway through, 35-40 minutes total.

STEP

5

5. Make glaze

While **tart** is baking, in a small bowl, microwave **apricot jam** with **½ tablespoon water** until loosened and runny, 10-15 seconds.

STEP

6. Serve

Once **tart** is baked, brush **apples** with **glaze**. Transfer tart to a wire rack to cool for 10 minutes. Cut into wedges and serve. Enjoy!
