1. Cook pasta

Bring a medium pot of **salted water** to a boil over high. Add **pasta** and cook, stirring occasionally, until al dente, 8–9 minutes. Reserve **2 tablespoons cooking water**, then drain pasta well and set aside until step 4.

2. Prep ingredients

While **pasta** cooks, in a medium bowl, whisk to combine **all of the cream cheese**, $\frac{3}{4}$ cup **water**, **1 tablespoon flour**, and a **generous pinch each of salt and pepper** (it will not be smooth).

Finely grate **Parmesan**, if necessary.

3. Cook shrimp

Finely chop **1 teaspoon garlic**. Rinse **shrimp**, then pat very dry. Season all over with **salt and pepper**.

Heat **1 tablespoon oil** in a medium skillet over medium-high. Add shrimp and chopped garlic; cook, stirring occasionally, until shrimp are pink and almost cooked through, about 2 minutes.

4. Sauce pasta

Reduce heat to medium, then stir in **cream cheese mixture** until melted. Stir in **peas and pasta**, then stir in **half of the Parmesan**, adding in large pinches to avoid clumping. Bring to a simmer; cook, stirring occasionally, until peas and pasta are warmed through, shrimp are cooked through, and **sauce** coats pasta, 3–4 minutes.

5. Finish & serve

If **pasta** is dry, stir in **1 tablespoon reserved cooking water** at a time, as needed; season to taste with **salt and pepper**.

Serve **creamy shrimp alfredo** in shallow bowls topped with **remaining Parmesan**. Enjoy!

6. Take it to the next level

Penne for your thoughts: brighten up this creamy bowl with a handful of chopped herbs. Sprinkle chopped parsley or tarragon over top before serving. Even better, add a squeeze of fresh lemon juice.
