1. Prep ingredients

Preheat oven to 400°F with a rack in the center. Grease a 6-cup muffin tin.

Add **4 tablespoons butter** to a small bowl; set aside to soften at room temperature for step 5.

Cut **bacon** into ½-inch strips. Finely chop **cheese**, if necessary.

2. Cook bacon

Heat a medium nonstick skillet over medium-high. Add **bacon** and cook, stirring occasionally, until golden-brown in spots but still slightly soft, about 3 minutes; transfer to a paper towel-lined plate to drain.

3. Make batter

In a medium bowl, mix together ½ cup polenta, ⅓ cup flour, 2 tablespoons buttermilk powder, 3 tablespoons sugar, and ½ teaspoon salt.

In a medium microwave-safe bowl, melt **4 more tablespoons butter**; let cool slightly. Add ½ cup water and 1 large egg; stir to combine. Gently fold in polenta mixture to combine. Stir in corn, cheese, and all but 2 tablespoons bacon.

4. Bake muffins

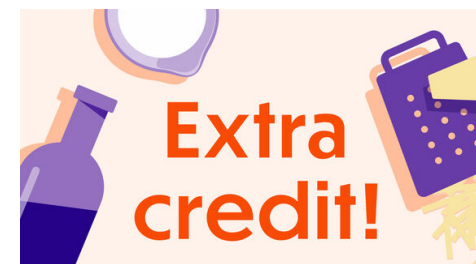

Divide **batter** evenly between 6 muffin cups (they will be very full!). Sprinkle **remaining bacon** over top. Bake on center oven rack until edges are golden and a toothpick inserted in center comes out clean, 18–20 minutes. Let cool in tin on a wire rack for 5 minutes.

5. Make maple butter & serve

While **muffins** bake and cool, add **half of the maple syrup** (save rest for own use) and ½ teaspoon salt to bowl with **softened butter**; stir until evenly combined. Season to taste with more salt and pepper, as needed.

Serve **bacon and cheddar corn muffins** with **maple butter** alongside for spreading. Enjoy!

6. Freeze 'em!

You can store these muffins in the freezer in airtight containers for up to 3 months.
