1. Cook bacon

Preheat oven to 400°F with a rack in the upper third. Bring a large saucepan of **salted water** to a boil over high heat.

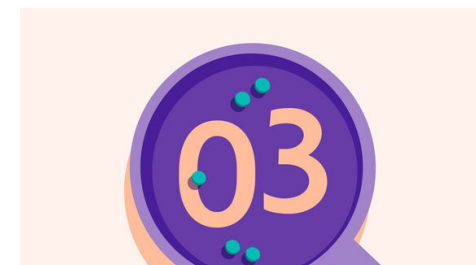

Add **bacon** to a medium ovenproof skillet. Cook over medium heat, stirring often, until browned and very crisp, 10–15 minutes. Use a slotted spoon to transfer bacon to a paper towel-lined plate. Reserve **2 tablespoons bacon fat** in skillet.

2. Cook chicken

Meanwhile, grate **all of the Parmesan**, if necessary. Pat **chicken** dry; season all over with **salt and pepper**.

Set same skillet over medium-high heat. Add chicken in a single layer and cook, undisturbed, until golden brown on the bottom, about 3 minutes. Flip and cook, undisturbed, until cooked through, about 3 minutes more. Transfer chicken to a plate; reserve **bacon fat** in skillet.

3. Cook gnocchi

While **chicken** cooks, gently break apart any **gnocchi** that are stuck together. Add to saucepan with boiling **salted water**. Cook, gently stirring, until tender and some of the gnocchi float to the top, 1–2 minutes. Reserve **1¼ cups cooking water**; drain well.

Crumble **bacon** into pieces.

4. Make sauce

To skillet with **bacon fat**, add **1 tablespoon flour**. Whisk over medium-low heat until fragrant, about 1 minute. Stir in **all of the cream cheese, broth concentrate, reserved cooking water, half of the Parmesan**, and **½ teaspoon granulated garlic**. Cook, whisking frequently, until thickened, 1–2 minutes.

5. Bake & serve

Off heat, stir in **gnocchi, spinach, bacon**, and **chicken** until spinach is wilted. Sprinkle with **remaining Parmesan**. Bake on upper oven rack until bubbling and browned in spots, 10–12 minutes.

Serve **chicken and gnocchi bake**. Enjoy!

6. Pro tip!

If you add cold bacon to a hot pan, it will curl up, making it hard to crisp evenly. Start with a cold pan, then heat and render the fat slowly for maximum crispiness and pan drippings.
