1. Cook rice

In a small saucepan, combine **rice** and **1¼ cups water**; bring to a boil over high heat. Cover and cook over low heat until rice is tender and water is absorbed, 17–20 minutes. Keep covered off heat until ready to serve.

2. Prep ingredients

Crush **4 large garlic cloves**. Thinly slice **half of the onion** (save rest for own use). Trim stem ends from **green beans**, then cut or snap in half.

Scrape **any congealed juices** off **ribs** and reserve; cut ribs in between bones to separate.

3. Begin adobo

In a medium skillet, heat **1 tablespoon oil** over medium heat. Add **onion** and **garlic cloves**; cook, stirring occasionally, until softened and just starting to brown, 4–5 minutes.

Add **rice vinegar, tamari, coconut milk powder, 1 tablespoon brown sugar, 2 teaspoons coarsely ground pepper**, and **½ cup water**; bring mixture to a simmer. Add **ribs and reserved congealed juices**.

4. Add green beans

Cover skillet, leaving a small opening; lower heat to medium-low. Simmer **ribs** for 10 minutes, basting pork with **braising liquid** occasionally. Uncover skillet; add **green beans**. Continue simmering uncovered, stirring occasionally, until beans are tender and cooking liquid is slightly thickened, another 7–10 minutes.

5. Serve

Trim **scallions** and thinly slice. Add scallions to **pork** and remove from heat.

Serve **pork rib and green bean adobo** with **rice**. Enjoy!
