

## 20-Min: Steak

with Charred Cabbage & Sumac Dressing

ca. 20min

2 Servings

We're going to let you in on a secret, it's just too good not to share—charred cabbage. We take browning to the next level by broiling thinly sliced green cabbage. This quick-cooking method results in crisp-tender greens with a sweet and smoky char, and it's delightful. The cabbage is the perfect side to pair with pan-roasted sirloin steak and a lemony sour cream.

### 1. Prep ingredients

Preheat broiler with a rack in the upper third. Halve and thinly slice **all of the onion**. Transfer  $\frac{1}{3}$  of the onions to a medium bowl, add enough **cold water** to cover, and set aside to soak until step 5. Halve **cabbage** through the stem, remove and discard core and outer leaves; store half for own use. Slice remaining cabbage into  $\frac{1}{2}$ -inch wide ribbons.

### 4. Make sauce

Meanwhile, finely chop **1 teaspoon garlic**. Finely grate **half of the lemon zest** and squeeze  **$\frac{1}{4}$  of the lemon juice** into a small bowl. Stir in **all of the sour cream, chopped garlic, 2 teaspoons oil, 1 teaspoon sumac, and a pinch each of salt and sugar**. Season to taste with **salt and pepper**.

### 2. Char cabbage

Lightly coat a rimmed baking sheet with **oil**. Sprinkle **remaining sliced onions** over baking sheet and spread **cabbage ribbons** over top in an even layer; drizzle with **oil**. Season with **salt and pepper**. Broil on upper oven rack until cabbage is softened and charred in spots, 10-15 minutes (watch closely as broilers vary).

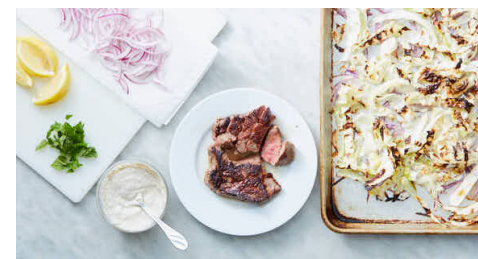

### 5. Finish prep

Drain water from **remaining onions** and pat very dry. Pick and coarsely tear **mint leaves**; discard stems. Cut **remaining lemon** into wedges.

### 3. Sear steaks

Pat **steaks** dry and season all over with **salt and pepper**. Heat **1 tablespoon oil** in a medium heavy skillet (preferably cast-iron) over medium-high until very hot. Add steaks and cook, turning once, until lightly charred and medium-rare, 3-4 minutes per side (or longer for desired doneness). Transfer steaks to plates and let rest for 5 minutes.

### 6. Finish & serve

Thinly slice **steaks**, if desired. Spread **sauce** over plate and top with **charred cabbage and onions**. Sprinkle with **raw onions** and lay steak on top. Garnish with **torn mint leaves, toasted sesame seeds, and a pinch of sumac**. Serve with **lemon wedges** on the side for squeezing over. Enjoy!
