1. Prep ingredients

Preheat oven to 350°F with a rack in the center. Coat bottom and sides of an 8-inch heavy ovenproof skillet (preferably cast-iron) with **butter**.

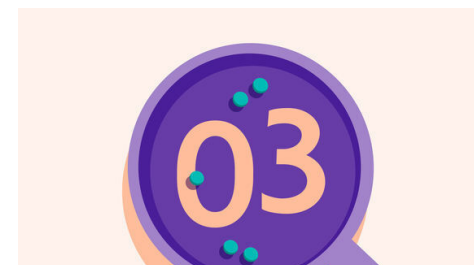

Add **mascarpone** and **4 tablespoons butter** to a medium bowl. Set aside to soften at room temperature until step 3.

2. Make batter & bake

Add **cake mix** to a medium bowl and whisk to remove clumps. Add **1 large egg** and **½ cup water**. Whisk until batter is shiny and smooth, about 3 minutes. Pour into prepared skillet.

Bake on center oven rack until middle no longer jiggles and a toothpick inserted into the center comes out mostly clean, 18–22 minutes. Let cool completely.

3. Make frosting

While **cake** cools, using a handheld electric mixer, beat **softened mascarpone and butter** until light and fluffy, 2–3 minutes. Add **confectioners' sugar** and **2 tablespoons cocoa powder**; beat on low speed until sugar is blended. Increase speed to medium-high and beat until light and fluffy, 2–3 minutes more.

4. Serve

Spread **chocolate frosting** over **cooled cake**. Serve with **sprinkles** over top. Enjoy!
