1. Prep apple filling

Preheat oven to 375°F with a rack in the center.

Peel, halve, and core **apples**; cut into ½-inch thick slices. In a medium bowl, stir to combine **sliced apples**, **¾ cup granulated sugar**, **½ cup dried cranberries**, **⅓ cup water**, **2 tablespoons brown sugar**, **1 tablespoon flour**, and **½ teaspoon warm spice**. Let sit at least 10 minutes.

4. Assemble & bake

Transfer **apple filling** to a medium baking dish. Sprinkle **oat topping** evenly over top, then cover baking dish with foil. Bake on center oven rack until **apples** are nearly tender when pierced with a knife, about 30 minutes. Remove foil and continue to bake until apples are tender and oat topping is golden, 12–15 minutes.

2. Mix dry ingredients

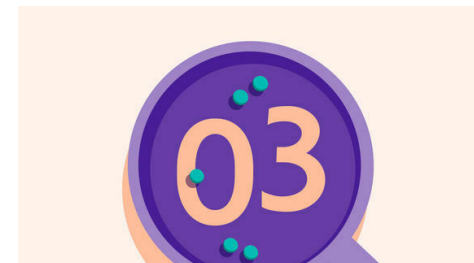

While **apples** sit, in a small microwave-safe bowl, microwave **4 tablespoons butter** until melted.

In a medium bowl, whisk to combine **½ cup flour**, **2 tablespoons brown sugar** (save rest for own use), **1 tablespoon granulated sugar**, and **¼ teaspoon salt**.

5. Serve

Let **spiced apple oat crisp** cool 10 minutes before serving (filling will continue to thicken as it cools). Enjoy!

3. Make topping

To bowl with **flour mixture**, use a fork to stir in **melted butter** and **¾ cup oats** until fully combined and mixture resembles wet sand.

6. Finish it à la mode!

PSA: If you're not alternating bites of this warm apple crisp with bites of creamy vanilla ice cream, you should probably rethink your Thanksgiving strategy.
