1. Prep pecans

Preheat oven to 350°F with a rack in the center. Line a rimmed baking sheet with parchment paper.

In a small bowl, combine **pecans, 3 tablespoons loosely packed brown sugar, 1 teaspoon water, and a pinch of salt**; stir to coat nuts. Spread coated pecans onto prepared baking sheet in a single layer.

4. Cook pancakes

Melt **½ tablespoon butter** in a large skillet over medium-low heat (or lightly brush with **oil**). Pour **¼ cup of the batter** into skillet (do not overcrowd). Cook until edges are dry and bubbles form on top (reduce heat if browning too quickly), 2-3 minutes. Flip **pancakes**; cook 1-2 minutes. Transfer to a plate. Repeat with remaining batter; add **butter or oil** as needed.

2. Bake candied pecans

Bake **pecans** on center oven rack until nuts are crisp and fragrant, stirring halfway through, 10-15 minutes total (watch closely as ovens vary).

Set candied pecans aside to cool completely, then coarsely chop, if desired.

5. Prep cream cheese glaze

Meanwhile, in a liquid measuring cup, combine **all of the cream cheese, confectioners' sugar, and 2 tablespoons very hot tap water**; whisk until smooth and sugar is dissolved.

Thin **cream cheese glaze** by whisking in **1 teaspoon water** at a time until glaze falls from whisk in thick ribbons.

3. Prep batter

In a medium bowl, combine **all of the buttermilk powder, self-rising flour, remaining brown sugar, ½ cup water, 1 large egg, 1 tablespoon melted butter or oil, and 1 teaspoon cinnamon**; whisk until just combined and drops in thick ribbons from whisk (it's okay if there are a few lumps). Thin batter by stirring in **2 tablespoons water** if batter is too thick.

6. Finish & serve

Once **pancakes** are cooked, re-whisk **cream cheese glaze** until smooth; add an additional **1-2 teaspoons hot tap water** to thin, if necessary.

Place **pancakes** on plates and drizzle **cream cheese glaze** and **maple syrup** over, then top with **candied pecans**. Enjoy!
