1. Stretch dough

Preheat oven to 500°F with a rack in the lower third position. **Lightly oil** a rimmed baking sheet. Coarsely grate **mozzarella**.

On a **floured** work surface, roll or stretch **pizza dough** into a 12-inch circle. If dough springs back, cover, and let sit 5–10 minutes to relax before rolling again.

2. Assemble pizza

Dust off **excess flour** from **dough**; transfer to prepared baking sheet. Spread **marinara sauce** in an even layer over surface of dough, leaving a ½-inch border. Sprinkle **mozzarella** over the top. Lightly drizzle **pizza** with **oil**; season with **salt** and **pepper**.

3. Bake & serve

Bake **pizza** on lower rack until **crust** is browned and **cheese** is bubbly and beginning to brown, 15–20 minutes. Transfer **pizza** to cutting board; cut into wedges. Enjoy!

4. Pizza stone instructions

Have a pizza stone you'd like to use?

One hour before baking, preheat oven to 500°F with a pizza stone positioned on the center rack. Assemble pizza on a well-floured pizza peel. Slide pizza carefully onto stone and bake until crust is browned and cheese is bubbly and beginning to brown, rotating pizza halfway through, 10–12 minutes.
