1. Cook rice

Bring a medium saucepan of **salted water** to a boil over high heat. Add **rice** and boil (like pasta!), stirring occasionally, until just tender, about 12 minutes. Drain in a fine-mesh sieve, rinse with cold water, and drain well again. Spread out on a paper towel-lined plate or baking sheet to cool and dry.

4. Fry rice

To skillet with **cabbage**, add **cooked rice** and **1 tablespoon oil**. Cook over high heat, pressing down with a spatula to crisp rice and tossing occasionally; repeat until rice is warmed through, about 4 minutes.

While rice crisps, in a small bowl, lightly beat **2 large eggs**.

2. Prep cabbage

While **rice** cooks, trim ends from **scallions**, then thinly slice.

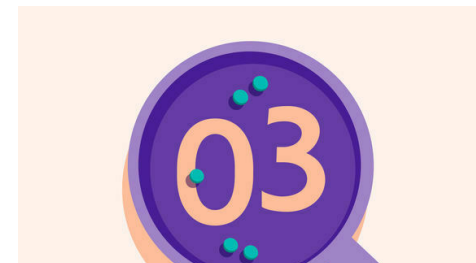

In a large bowl, whisk together **kimchi paste**, **2 tablespoons oil**, **1 tablespoon vinegar**, **¼ teaspoon salt**, and **a few grinds of pepper**. Add **4 cups of the cabbage blend** and **⅔ of the scallions**, gently pressing down on cabbage to wilt slightly.

5. Scramble eggs & serve

Make a well in the center of the **fried rice**. Add **½ tablespoon oil**, then pour in **eggs** and cook, stirring occasionally, until softly scrambled, about 2 minutes.

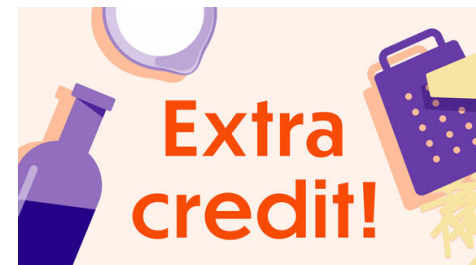

Fold **scrambled eggs** into **kimchi fried rice**, then top with **remaining scallions** and **tamari**. Enjoy!

3. Stir-fry veggies

Trim ends from **green beans**, then break in half.

Heat **2 teaspoons oil** in a large nonstick skillet over high. Add **green beans** and **a pinch of salt**; cook, stirring, until crisp-tender and browned in spots, about 4 minutes. Add **¼ teaspoon granulated garlic** and **cabbage and any juices**; cook, stirring, until crisp-tender, 2–3 minutes.

6. Take it to the next level

Add some ground pork for any must-have-meat-eaters in your house. Brown the pork separately and set aside before you cook the veggies in the same skillet in step 3.
