1. Prep ingredients

Preheat oven to 350°F with a rack in the center. Line a 6-cup cupcake tin with paper liners. Set aside **12 tablespoons butter** to reach room temperature.

Reserve **12 chocolate chips** for serving.

In a small bowl, microwave **remaining chocolate chips** with **1 tablespoon water** until melted. Stir until smooth.

2. Make batter

In a large bowl, combine **chocolate cake mix**, **1 large egg**, and **½ cup water**. Using a handheld electric mixer, beat until shiny and no lumps remain, about 2 minutes. Add **melted chocolate** and beat until combined, about 30 seconds more.

3. Bake cupcakes

Divide **batter** in prepared cupcake tin (about ⅓ cup each).

Bake on center oven rack until puffed and a toothpick comes out clean when inserted into center, 18–20 minutes. Let cool completely.

4. Make frosting

In a second large bowl, beat **softened butter** until light and fluffy, 1–3 minutes. Add **confectioners' sugar** and **a pinch of salt**. Beat until sugar is fully combined and mixture is light (if frosting is too loose, let chill in fridge for 20 minutes, then beat again). Fold in **half of the marshmallow fluff** (save rest for own use) until combined.

5. Frost & serve

Transfer **frosting** to a resealable plastic bag, then cut off one corner. Frost **cupcakes**.

Serve **ghost cupcakes** decorated with **reserved chocolate chips** for eyes. Enjoy!
